

# 4-H NEWSLETTER

**Bell County recently participated in 4-H Camp at Camp Feltner in London, KY. This is the second consecutive year that Bell County has broken it's own record for camp attendance. In 2022, they broke their own record with 79 individuals attending camp. This year, the record was topped once again with 88 people attending.**

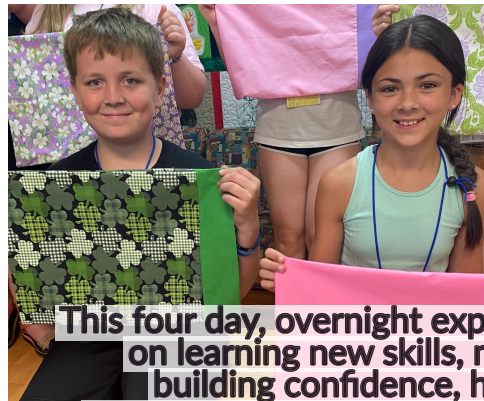

The cost of camp can be a deterrent for many living in Bell County, and without outside assistance, it may be impossible for some children to attend.

We had an overwhelming amount of support from several parties that assisted with camp donations bringing the cost per camper to \$50.

**This four day, overnight experience that focuses on learning new skills, meeting new friends, building confidence, having fun and giving back. Classes offered at camp included fishing, riflery, archery, high ropes, low ropes, zip lines, climbing walls, nature classes, outdoors skills, swimming, sports, sewing and multiple crafting classes. Most of the campers this year were returnees from previous years; thus reinforcing the fact that the youth value the camping experience. The days are long, hot and tiresome, but the camp memories these children make will last a lifetime.**
